

How to get ready to go to school. Wake up early put all the stuff you need like homework books and pencil in your backpack. Then put your uniform on. Then eat breakfast every morning so you can have energy to think. Go to school early. When you get to your class take all the stuff you need for class then get ready take all the stuff the teacher tells you like get out your math or science do what you do every morning. Then wait till your teacher gives instructions then do this every morning and you will never be late to school. To have a good day in school follow the teacher instructions do all your work. If you finish all of the work that the teacher give you then finish all incomplete work or read a book while you waiting on the teacher. You can also check over your work and turn in all your work in and you will never get yelled at again.

Organization/Purpose – 2

- Weak introduction/conclusion
- Little variety of transitional strategies (Then, when)
- Uneven progression of ideas (listy)

Evidence/Elaboration – 2

- Evidence is vague (To have a good day follow the teacher's instructions.)
- Some evidence of style (never get yelled at again)

Conventions – 1

- Severity of errors – sentence structure
